Pended Items:

09-18 Street Light Policy

Mr. Peoples stated there was a policy put together for consideration and included in their packet for review. They met with an electrical engineer from Westerville for guidance on street lighting in future developments and are proposing that a new section will be added that Staff can review the lighting plan of developers and they will hold them to a standard set by the IDS policy. This will require a change to the Subdivision Regulations. As for individual street light requests, we will accept the requests and will base decisions on the safe travel of public and pedestrians. Discussion ensued.

Mrs. Mershon will sponsor this legislation and moved to take this to full council; seconded by Mrs. Turner.

New Items for Discussion:

10-02 Ordinance for 2010 Swimming Pool Rates

Ms. Hoover stated that suggested changes for this next year. Membership and daily admission rates will stay the same, however the discounted rates dates will change. They propose the discounts would come once on July 5th and it will be a 25% discount. The pool will be open from June 5th, 2010 until August 26th from noon – 8pm. This is a little shorter season than the past which will help with budget concerns.

Military rates will be discounted 25% for the entire family.

Those aged 55 or over, if not with someone who is paying, will have a discounted rate of \$25 for the pool season or pay a discounted daily admission rate. Discussion ensued regarding the need for this change and alternate possibilities. It was changed to age 60 and over to be free and those 55 – 59 will have to pay full membership prices.

It was proposed that people who work in the Village but don't live in the Village should be allowed to be members of the pool.

Mr. Donahue moved to take it to full council; Mrs. Mershon seconded the motion and will sponsor the legislation.
